Now available Vehicle Condition Report

Pickles is pleased to announce the introduction of a Vehicle Condition Report now available for all general motor vehicles including; Ex-Government, Fleet and Repossessed vehicles.

The Vehicle Condition Report can be reviewed prior to auction on the vehicle detail page in the Live Online section in the Permanent Buyer website. The report includes detailed information on the damage of each vehicle and a graphic representation of where the damage is located on the vehicle.

The introduction of this Report is the result of trade buyer feedback desiring detailed damage details at the click of a button. This is a significant step forward to increase the transparency of our vehicle details to our Permanent Buyers. Please continue to send in your feedback we want to continually act upon your feedback and improve your buyer experience.
